Dear Mr. Goodwin,

Thank you for sponsoring the ARRL academic scholarship I received. This will help me continue my education and pursue my goals. I'm studying aviation and engineering with hopes to earn my commission and fly for the Air Force. I got my radio license in 2011 and have learned so much from the radio community that helped spark my interest in electrical engineering. Your generosity will help me cover my educational expenses and focus on succeeding in my courses.

Sincerely,

Dean Lyons, KO2BFI
